

Ballot grid with 100 rows and 100 columns of bubbles for marking selections.

The image displays a 100x100 grid of circles. Each circle has a black outline. Some circles are filled with solid black, while others are empty. The black circles are distributed across the grid in a pattern that resembles a sparse, irregular lattice or a random distribution. The grid is bounded by thick black lines on the top, bottom, left, and right sides.

Ballot grid with 100 rows and 30 columns of bubbles. Each row contains a series of bubbles, some of which are filled (black) and others are empty (white). The bubbles are arranged in a grid pattern, with each row having a unique sequence of filled and empty bubbles. The grid is bounded by thick black lines on the top, bottom, left, and right sides.
