

Ballot grid with 100 rows and 20 columns of circles. Each row contains a sequence of filled and empty circles, representing a binary code or data. The pattern of filled circles varies across rows, creating a unique sequence for each row.

The image displays a 100x100 grid of circles, each with a black border. The circles are arranged in a regular pattern, and some of them are filled with black, representing a sparse matrix. The black dots are distributed across the grid, with a higher concentration along the main diagonal and some off-diagonal elements, suggesting a banded or block-like structure. The grid is bordered by thick black lines on the top, bottom, left, and right sides.
