Ballot grid with 50 rows and 100 columns of bubbles for voting.

Ballot grid with 100 rows and 20 columns of circles. Each row contains a series of circles, some of which are filled black, representing a ballot. The circles are arranged in a grid pattern, with some circles filled black and others empty, representing a ballot.

Ballot grid with 50 rows and 30 columns of circles. Some circles are filled black, representing a completed ballot.

Ballot grid with 50 rows and 30 columns of bubbles for marking answers.

The image displays a 100x100 grid of circles. Each circle has a black outline. Some circles are filled with solid black, while others are empty. The black circles are distributed across the grid in a pattern that resembles a sparse, irregular lattice or a random distribution. The grid is bounded by thick black lines on the top, bottom, left, and right sides.

Ballot grid with 100 rows and 20 columns of bubbles for marking selections.
